Unlike any other
impact rated multi
slide door on the
market.

The Euro Vista Multi Slide™ is unlike any other impact rated multi slide door. The panel interlock, at less than 1", is the slimmest sight line profile available providing the largest views and the maximum panel to glass ratios. Impact panels can span up to 98 sq ft with heights up to 14' and widths up to 7' all while maintaining an impact rating for inclement weather areas. These massive panels glide open and close effortlessly thanks to the patented EZ Glide™ roller system. The sill can be embedded flush with the finish floor and can meet water ratings without the need of a sill riser. The Euro Vista Multi Slide™ is a truly unique sliding door system and provides consumer benefits that cannot be found anywhere else.

*Less than 1" Interlock
Sight Line Profile*

Impact Rated

Panels up to 98 sq ft

SYSTEM THRESHOLDS

Maximum / Minimum Specifications

Max Panel Weight:	800 lbs / panel
Max Panel Height:	168"
Max Panel Width:	84"
Min Panel Height:	32"
Min Panel Width:	24"
Panel Thickness:	1 3/4"
Max # of Panels:	8

NOTE: When using maximum panel widths & heights, panels may exceed maximum panel weight of 800 lbs. Calculated weight check should be done. For installations in Florida, please see the Florida Product Approval for usage and limitations.

SYSTEM HIGHLIGHTS

Thinnest Profile on the Market

Interlocking panels have a sight line profile width of less than 1" providing the largest uninterrupted view available from any impact rated multi slide on the market

Water Rated Flush Sill - No Sill Riser

Flush track with finished floor - enjoy the security of a HVHZ water rating without 2", 3" or 4" risers

Up to 8 Panels with Pocket Option

Up to 8 panels in any direction - pockets approved with all configurations

Extrusions

Extruded aluminum 6063-T5 with door panel corner keys provide industry leading strength and security

Handle Hardware

Stainless steel components with corrosion resistant material - salt spray tested 500 hours

Value Engineered

Value engineered to offer the highest quality with reasonable pricing

Largest Impact Rated Panel Sizes

Enjoy large uninterrupted views with up to 98 sq ft Florida Product Approved panels (up to 14' heights and 7' widths)

Aesthetics

Wood cladding option available

FL 27423

Tested for use in Miami-Dade and Florida HVHZ Zones

Long Lasting Finish

Standard finish coating is AAMA 2605, the highest quality finish available

Thermal Requirements

Tested for thermal requirements for both residential and commercial usage

Easy Operation

The EZ Glide™ Roller System and anti-slam hardware makes the Euro Vista Multi Slide™ safe and effortless to operate

LESS THAN 1" SIGHT LINE PROFILE

Top Down Cross Section View

The Euro Vista Multi Slide™ interlock (where the panels join when the door system is closed) has a **PROFILE WIDTH OF LESS THAN 1"**. This provides the largest uninterrupted view on the market for any impact rated multi slide door system.

EMBEDDED TRACK DETAILS

The Euro Vista Multi Slide™ sill/track can be **fully embedded** with a **low profile** configuration. The hidden track option allows optimal threshold clearance and creates a clean seamless interior / exterior sight line.

For weather challenged climates, the flush and low profile hidden track systems can be manufactured to meet water rating specifications without a sill riser. Additionally, Euro-Wall EXCLUSIVELY manufactures a water rated hidden flush sill.
