TEXAS LAKE HOUSE INTERIOR

Corsicana, TX - Up To 10' Wide by 10' Tall
Standard Color Powder Coating, 1" Low E Glass & Integrated Insect Screens

E-SERIES THE WAVE
LINEAR ACTUATOR OPENINGS

FOR OPENINGS UP TO
10' WIDE BY 10' TALL

SCREENS/SHADES

Integrated sun shade or insect screens available on all E-Series openings.

TIGHT SPACES

Designed to minimize jamb and overhead mechanics for a better fit in any project.

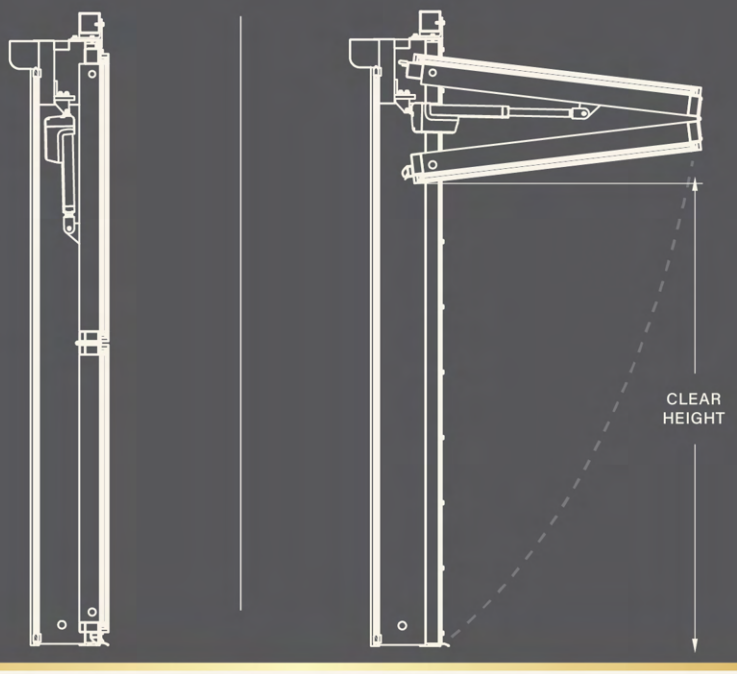

FLEXIBILITY

Adapts to a wide range of applications, from bar-top openings to full walk-under access.

HOW IT WORKS

LINEAR ACTUATOR DRIVEN OPENING

A two-panel bifold with motorized operation, the Wave system uses linear actuators to provide smooth, controlled movement with consistent performance during opening and closing.

BUILT WITH INTENT. DESIGNED TO STAND OUT.

Glass Options

Supports 1/4" tempered glass and 1" insulated glass with multiple low E options available.

Touch Screen Control

Our sleek touchscreen has plug-and-play technology and can be configured with a multi-digit code for security.

REDD Alert® Monitoring

REDD Alert® is our integrated safety system that identifies anything impeding door travel to keep your system safe.

Enhanced Security

When closed, the integrated actuator system helps securely lock the panel for enhanced security.
